

**NVCC, CORSA Chapter 220**

**August 2017**

Chapter Chatter  
By Bob Marshall

The August meeting was held at the global headquarters of DMV T's in Merrifield Va. Our hosts were the CEO and head ink spreader of DMV T's Stan Darke, his wife chef Carrie and of course Donovan. The goal was to get the big white blob of an Ultra Van moveable but not with that crappy shifter. Most of us have never seen an Ultra Van let alone worked on one. Jeff from the Corvair Ranch came to the rescue with the necessary parts and pieces to get it to function like a normal shifter. A great crowd showed up to assist and or learn about the workings of the great white whale. Greg's son Mitchell was given a ride in Fred's Callaway Corvette and said something about his neck when he returned. Many conversations were had about everything and anything. Deals were discussed and struck in one of the side bar talks (you know who you are). I let Greg and Mitchell take my Corsa for a test

drive and they returned with thumbs up. We should all test drive each other's cars every now and then to get a feel for different models and drivetrains. If nothing else it's a good way to experience all the different models of our Corvair. Maybe you have never driven a properly set up street car or a car set up for an autocross. Have you ever driven a Corvair with a powerglide transmission or a forward control? We should plan an event where we can experience driving different models of Corvair makes, models and years. Maybe someone will let us have a chance to drive an Ultra Van! It could happen.

So short on the opening for my late again newsletter. Work and a decision to put our house on the market have taught me that 24 hours in a day are not enough to get everything done. And there is no sign of letting up. For that reason, I will pass on the newsletter duties to the next scribe beginning in January 2018. STOP SITTING ON YOUR HANDS! It's not that bad.

What makes this car so unusual?  
Did anyone figure this out????

Stan this one is for inspiration! And motivation.

**For those of you that get Hot Rod Magazine check out the October issue. This 1969 Camaro has a late model Corvair top grafted on. Any props we can get right folks!**

## Cars for Sale

### 1962 Monza Convertible

I'd like to sell this 1962 Corvair 2-door convertible and will ask **\$10,500**. I actually have \$18K into it but I think that might be the fair value. It was restored 2 years ago, is in good condition and runs well. My Dad owned it and lived in Florida. I bought it from my Mother when did a few years ago. I used the Corvair Ranch in Gettysburg to restore it. New tires, new canvass top, new paint job, went through the engine. Please contact Mike Raymond at [mraymond@A10networks.com](mailto:mraymond@A10networks.com) for more details and photos.
