

Lifter Noise

October 2022 - Volume 49, Issue 8

What's Going On

It's October and that means it's time for our annual color tour! The event will be taking place on Saturday, October 15. We will be meeting at Fricano's Pizza, 5808 Alpine Ave NW in Comstock Park at 9:00 AM. We will be taking a scenic drive through Sparta and Greenville while on our way to Anderson & Girls Orchards. There is plenty to do there including a petting zoo, gift shop and even wagon rides to the pumpkin patch! Once we are done there, we will make our way to Flo's Pizzeria in Greenville for lunch. After lunch you will be free to go your own way or maybe organize another impromptu tour to another destination.

If the weather does not look favorable for October 15, we will push the color tour out to October 22.

Our November meeting will be on Tuesday, November 15 at 6:30 PM. The venue will be DeHop's Brewing Company & Cafe, 363 Cummings Ave NW in Walker. The main topic on the agenda will be the election to fill our open positions on the board of directors. There will be four open positions to fill; Dave Dykwell, Dan Konkle, Jamie Reinhart, and Dave Ziebarth have expiring terms. Start thinking now about who you would like to nominate or feel free to volunteer!

Put Saturday, December 3 on your calendar. We will be bringing back our annual Christmas party on that date! More details to come...

The October board meeting will be on Tuesday, October 25 at 6:30 PM. It will take place at Uccello's, 8256 Broadmoor Avenue SE in Caledonia.

September Meeting Recap

We only had seven people attend our membership meeting that was held at Embassy Bar & Grill in West Olive. The weather was a little iffy so that may have kept some people away. Those of us who did show up had a great time catching up and socializing. Even though there was no official business to conduct, our treasurer, Doug Lectka, gave a treasurer's report. We currently have a balance of \$5017.07. Dave Ziebarth then outlined what Dennis Willson has planned for the color tour. Dave Teppo also said that he hopes to have a club tech session at his barn when it gets completed.

Pure Stock Drags

Below are a couple of pictures courtesy of Dave Dykwell. WMCC members Ryan and Carolyn Counterman, Dan Konkle, Steve Ridderman, and Dave attended the Pure Stock Drags in Stanton. The car that is pictured in action is the infamous Stude Tomato - 63 Studebaker Lark.

WMCC Calendar

Light-handed, light-footed, light-hearted!

Even though a Corvair's main virtues are economy and efficiency, we're willing to wager the thing which sends you away singing from your first drive is the way it *handles*. Only rear-engine design gives you steering that is so light and responsive, traction that is so solid and reassuring, braking so beautifully balanced front and rear. This is a light-hearted car, because it does everything so crisply and so easily; light-footed because there's *independent* suspension at all four wheels; light-handed because the steering doesn't have to cope with the weight of a front engine. But try it yourself—and find a completely new dimension in driving!

A laughline on mileage. Your gas dollars will now go farther... because the Corvair delivers miles and miles and miles per gallon.

Unpack power team. Wings, engine, transmission and drive gears into one compact package... takes less room, leaves you more.

Engine's in the rear... where it belongs in a compact car... to give you similar handling, greater traction, better 4-wheel braking.

Independent suspension at all 4 wheels. Coil springs at each end every wheel take bumps with independent knee-action for a ride that smooths the roughest roads.

Fold-down rear seat. Now every Corvair converts into a station sedan with 11.6 cu. ft. extra storage space behind front seat.

Choice of automatic or manual transmission. You can have Powerglide® or a smooth-shifting Synchro-dash standard transmission.

Four models. Practical four-door or sleek new two-door in standard or all-line versions.

Trunk's up front. Plenty of luggage space under the hood, where it's convenient to get to.

All at a practical kind of price. Check your dealer on the short, sweet details... Chevrolet Division of General Motors, Detroit 2, Michigan.

*Optional at extra cost
