Hidden Gems Get to Shine—The May 19th Albuquerque Museum Car Show

From time to time in this space I'd like to relate car stories that I find interesting. Here's my latest tale:

It's like a treasure hunt. By this I challenge you to spot any of the nicest classic rides in Albuquerque. That's because they are lurking in residential garages. Alas, most of those garage doors rarely open. Car covers makes them even harder to see. What you NEVER, NEVER see are these cars in everyday traffic. I did see a Ferrari once, but I think it must have been a mirage.

So how do I know these cars are hidden even though I can't see them? NO, I'm not a peeping Tom! First of all I do have a car squirreled away in my garage, but in addition, I know first-hand that other cars exist comfortably parked away behind numerous other garage doors. Readers of this space may remember that in addition to my long-term love of all thing's cars—like lowriders, military vehicles, model cars, and even French cars, I also bicycle regularly. In addition to the health benefits riding gives me, I get to discreetly glimpse at what can be found in garages around town. It makes me happy to spot a 55 Chevy here, a Model T there and other treasures. Once, I spotted a brilliant, yellow 'Vette a couple of blocks from my home. I stopped to talk to the guy and the result was Mike and his wife, Diane attended a car show with me. Nice.

Well folks, you don't have to pedal a two-wheeler to see many of these cars. We all need to thank Joyce Clements, pictured on the right alongside Su Rymarz, the creator of the April Shmooze Car Show. Joyce has made the Museum Show the standard for Albuquerque Car Shows since the 1970's. Just think, for a mere 10 bucks you can park your ride beside these treasures, but not too close. Another nice thing is that you might make a new friend like I did by just talking cars.

So don't miss the opportunity to see these cars of mystery at the Council of Car Club's Albuquerque Museum Car Show scheduled for Sunday, May 19. This year we're showcasing cars of the 1920's. You can find all the particulars on our website, nmcarcouncil.com. Take a second to check out this shot from last year's show. My prediction is that you'll see even cooler cars at this year's event. See you there!—**Robert Gold, Editor**

Because of this year's intense political season, I thought you might enjoy seeing an image of an old president. I don't mean the office holder; no, I mean the Studebaker President. Here's a nice image of a 1958 model. Hail to the Chief!

NEXT MEETING SCHEDULED FOR APRIL 24, 2024 AT 7:00 pm.

DON'T FORGET!! OUR NEXT CAR COUNCIL EVENT WILL BE THE ALBUQUERQUE MUSEUM CAR SHOW ON MAY 19, 2024.
