

NECC Lime Rock All-Time Track Records

Listed below, by class, are the all-time record holders for the annual Corvair time trials at Lime Rock. NECC has been conducting time trials for Corvairs every year since 1974. The records below span the entire history of the series. In Year 2003, the Street Stock (SS) classes replaced the Pure Stock (PS) classes, but the class rules for these classes are very similar, and so they are listed in the same group below.
