3. We will mail a tech inspection form to you in return for your payment.
4. Prepare your car for tech inspection. (Mandatory for time trials cars).
5. Make your hotel reservations.

6. Arrive at the host hotel on the afternoon before the event.
7. Sign in at the NECC desk.
8. Present your car to the NECC tech inspector. (Mandatory for time trials cars).
9. Be sure to attend the mandatory drivers meeting.
10. Refer to the Itinerary below to see the event schedule.

Event Description

Option 1 - Time Trials

Time trials consist of high-speed open-track sessions in the morning and individual timed laps in the afternoon. Lap times will be recorded by traditional stop-watch methods.

Option 2 - Taste of Track

The "Taste of the Track" option is a low-cost introductory program oriented toward first-timers. Drivers lap the track in their own cars for approximately one-half hour behind a pace car.

Track Information

Track Address, Phone Number, and Website

Monticello Motor Club
67 Cantrell Road
Monticello, NY 12701.
<http://www.monticellomotorclub.com/>

Entering the Track Premises

When you first enter the premises, the track staff will require you to sign a waiver and release document. Please be prepared to accept the terms and conditions of this document.

Track Rules & Regulations

You will be required to obey the track's rules and regulations, in addition to NECC's rules and regulations. Typically, these include a ban on alcohol, firearms, and other regulations on behavior.

Host Hotel Information

It's the Days Inn in Liberty, New York. Rate is \$89 plus tax for Sunday evening, September 12th.

Days Inn Liberty
52 Sullivan Avenue
Hwy 17 & Hwy 52
Liberty, NY 12754
(845) 292-7600
daysinnliberty@yahoo.com

As always, NECC will be conducting tech inspection at the hotel on the day before the event, starting around 4 PM. Tech inspection will continue early in the morning of the event at the track for folks who are not staying over at the hotel.

Bringing Your Car on a Trailer?

If you plan to stay overnight, we strongly advise you to book yourself into the Days Inn, especially if you are bringing your car in on a trailer. Brian O'Neill and Bill Cohen scouted the hotels in the area, and the Days Inn is the only one we could find that could accommodate trailer parking!

Itinerary

Times shown below are approximations based on past experience.

Sunday, September 12, 2010 at the host hotel

Sign-In 3:00-5:00 PM
Tech Inspection 3:00-5:00 PM

Monday, September 13, 2010 at Monticello track

Your Car

Cars for Time Trials

Applicable Rules & Regulations for Time Trials

NECC has comprehensive rules for cars and drivers who engage in high speed events. These rules will be in effect at the time trials. They are posted at our website at:

http://www.corvair.org/chapters/necc/rules/necc_rules_track.pdf

Car Classification for Time Trials

For purposes of ranking and sorting elapsed times, NECC has established special classes for various kinds of Corvairs. All other cars are mixed into a single "Water Pumper" class. Further information is available on the NECC website at the link shown above.

Tech Inspection Process for Time Trials

Failure to pass tech inspection will result in your car being disallowed from the event.

You will receive a copy of the official NECC tech inspection form when we receive your payment. The form serves as proof of payment. Before you leave home, please inspect your car using the form and make any necessary adjustments to your car. Then, when you arrive at the host hotel, please present the tech form at the NECC sign-in desk. After you sign-in, present your car and the tech form to the NECC Tech Inspector, who will re-inspect your car on the spot.

Tech Inspection Checklist for Time Trials

NECC tech inspectors typically examine the following components.

WHEELS & TIRES: Hubcaps, trim rings off, Lug nuts in place & proper, Tread depth of 1/16" min, No cuts, bulges, visible cord etc, Adequate tire pressure. Chassis clearance.

ENGINE COMPARTMENT: Throttle action & return. Battery, if present, secure. Spare, jack, loose items out. Fluid leaks. Loose harmonic balancer.

TRUNK & GAS CAP: Loose items, jack & spare, out, Master cylinder level & leaks, Battery, if present, secure, Surge proof vented gas cap

FRONT & REAR SUSPENSION: Brake hoses. Sufficient damping, Wheel bearings, joints, bushings. Steering components.

BRAKES: Hard-Harder test (by driver). Brake lights functional.

INTERIOR: Loose & removable items out, Extinguisher, if present, secure, Battery, if present, secure in container, Seat belts secure & adequate. Shoulder harnesses required. Roll bars required for convertibles; see:

http://www.corvair.org/chapters/necc/rules/necc_roll_bar_specification.pdf

DRIVER HELMET: Helmets must have a 2000 or higher Snell Foundation sticker (either "M" or "SA") and manufactured within the past ten years.

ALL OTHER: Mirrors (either 1 inside or 2 outside). Excessive noise (at muffler tracks). Any other items at the discretion of the inspector.

Cars for Taste of the Track

Taste of the Track cars are not normally subject to tech inspection, but NECC reserves the right to inspect any car before it will be allowed to drive on the track. Failure to pass such an inspection will result in the car being disallowed from the event.

Helmets are not required to participate in the Taste of the Track laps, but they are strongly suggested. Try to borrow one, if you don't own one.

Helmets, Clothing, Footwear

NECC has rules for helmets, clothing and footwear. The rules are posted on the NECC website at:

http://www.corvair.org/chapters/necc/rules/necc_rules_track.pdf

Don't forget to bring your helmet, track clothes, and footwear to the track!
