NORTHLANZ - PICNIC REVIEW

The weather couldn't have been better than it was on August 16th for the NJACE Northlanz/Picnic. The day started out harmlessly with many of us gathering in the Bridgewater Towne Center for a cruise to Northlanz. After some light conversation, coffee, bagels and danish Ken [Schiffner] led us out toward route 202 - when Joe Maurella's clutch cable broke. Brian [O'Neill] and Howard [Horne] assisted in pushing Joe to a safe part of the parking lot and with some zip ties and wire from the Home Depot a temporary fix was successful for Joe to drive to Northlanz. Steve [Calandra] was with the group already at Northlanz and he kept in contact with Tim [Schwartz] who was with the repair group.

I had been to Northlanz about twelve years ago with my son Mike. The walk through this time reinforced to me how spectacular the train layout is. It took about 4.5 years to complete the project and it was all planned in advance - to the square inch! Each piece of bridge/trestle was hand cut and secured to create a magnificent displays that as we walked through the building. There were HO - O - G guage trains that wound their way through a variety of themed displays. There were towns, factories, mountains, rivers, airports, train wrecks, a golf course, Civil War displays and the Le Peep Doll Museum. It was an impressive experience.

From Northlanz, the group headed north to Bob and Sue Marlow's home in Annandale. As I drove up to drop off my cooler and chairs, I was greeted by four deer in the back of the property walking toward the woods. During the afternoon the deer would periodically come out to feed on the vegetation.

There was a good representation of NJACE members for the picnic. We were "grillin and chillin" all afternoon as we sampled a variety of salads, burgers, chicken, kielbasa, steak, chips and desserts. There was a special presentation given to our acting Pro-temp President Rich "Ribs" Ribble. Rich is heading back to Texas in September - for good - and Bob Marlow gave a brief synopsis of Rich's contribution to NJACE over the past 25 years. Sue Marlow made a special cake for the occasion along with some good luck balloons attached to a car horn and Greg [Gorski] presented Rich with a framed stained glass window with the NJACE over the Chevy bowtie.

Ken orchestrated a 50/50 of Clark's gift certificates as prizes.

Everyone enjoyed the afternoon and special thanks to Bob and Sue for their hospitality!!!!!!!!!!!!!!
