

Some pictures from the Corvair weekend at Pioneer Campground

Bay State Corvairs' Fall Classic at Clark's Corvair Parts

I was up in Connecticut for UConn's Football Alumni Weekend and was fortunate to be able to stop in to the Fall Classic at Clark's. The grounds were a "sea" of Corvairs. There were 86 cars, wagons and vans parked throughout the lots and other available areas. The weather was for possible showers - but only clouds were evident as I walked through the variety of wonderful air-cooled treasures.

I stopped to watch a valve cover tournament that was in progress. I noticed that there was some confusion in the pairings of the double elimination brackets - I volunteered my skills in "bracketology" as a physical education teacher - to straighten out the confusion. It was a lot of fun, food and great raffle prizes!

I enclosed some pictures of the event - enjoy!!!!!!!!!!!!
