ESTABLISHED 2007

Rick Norris, a long time member and supporter of the Performance Corvair Group, has been writing Corvair Racer Updates for the Corvair racing community. Rick recently acknowledged that his updates may be of interest to a wider audience and could easily serve as a newsletter for the Performance Corvair Group. And so, once again, and with Rick's permission, we now have a newsletter for our club!

FROM RICK NORRIS' CORVAIR ALLEY: Hope everyone had a good Christmas and didn't eat too much. HAH! No white Christmas here, just very warm and rainy. Corvair Alley was spared any flash flooding as we are on a hill. It is West Virginia so you are either on a hill or down in the "holler". Not much to report on as most are busy with the Holidays. Next week's update will be a day or two later as we will be down South as it were visiting family. See ya next year!

ROAD AMERICA RACE COURSE: A number of Corvair Racers are going to run at the "Hawk" in mid-July (2016) at Road America. Surrounded by the rolling hills of Wisconsin's Kettle Moraine lies road America, a four-mile road course considered by the motorsports community as not only the best in the United States, but also one of the world's premier circuits. No longer just a summer destination, Elkhart Lake's Road America is a year-round venue with unique activities for groups of all sizes. In its 60 years of experience, Road America has put the State of Wisconsin and the Midwest on the map, and grown into a premiere destination for families and fans of all ages. Continually

raising the state's profile nationwide in the promotion of tourism and the betterment of motorsports and quality entertainment, Road America now cultivates worldwide acclaim and is affectionately known as America's National Park of Speed.

Road America is big business, attracting 800,000 visitors a year from every corner of the world. Economic impact studies show that Road America, its events and visitors generate more than \$100 million dollars each year. Over 450 events are held annually at Road America, often running multiple activities on the same day incorporating the 4-mile track, the interior Road America Motorplex and the beautiful grounds surrounding the facility.
