

Chapter Chatter  
By Rory Clark

Merry Christmas, Happy Holidays and Happy New Year to all. 2021 is behind us and here's to hoping and wishing the New Year brings joy, happiness and good health to all. Stay safe over the holidays especially with the uptick in Covid related cases.

### **The first order of business**

During the last tech session (November 2021) the group and officers present voted to waive all club dues for fiscal year 2022. As of January 1, 2022 all members are in good standing within the club.

Again, club dues for 2022 have been waived.

### **RnR Garage**

Not a lot has been happening in the RnR Garage. My day job has taken up all of my

time – days, evenings and even weekends. Hopefully this trend will be over with soon.

While not much work has been done on Rumpy, Rita and I are still taking our drives. Yesterday, while on a drive we were way up county in Damascus when it started to rain. We knew there was a chance of rain but it was for later in the day.

That was the apex of our drive so we started making our way south while still on the backroads. We could have made it home faster by taking the main highways but that defeats the purpose of our drives. They are to get out, putter around on country roads, look at the sights, forget about the stress of the day and smile.

Fortunately the rain was just sprinkles so we avoided the heaviest of the rain that came later. What I realized is that that Corvy needs new wipers. Never driving in rain made me forget that I needed new wipers about a year or more ago. They are on the never ending list of things to do.

The Northern Virginia Corvair Club (NVCC) publishes the HOT AIRMAIL new sletter monthly as a service to its members. NVCC is a non-profit chapter of the Corvair Society of America (CORSA). The \$10 annual dues are payable January 1st, to "Treasurer, NVCC" at the address herein. A prorated amount of \$5 is accepted for periods of less than six months. All other correspondence and submissions can be addressed to the NVCC Officers. Original material appearing in the HOT AIRMAIL may be reprinted in other non-profit publications with appropriate credits.

### **This Month's Featured Corvair**

Bob's 63 and 65 Corvair's are featured this month. Both are LOS built cars. Vairy nice.

### **Local Car shows throughout the DMV for 2022**

The club is in the initial planning stages of some fun cruises, meet ups at local wineries and breweries, etc. The goal is to get some enthusiasm back into the club as well as bring exposure to the club and to Corvair's in general. People love our Corvair's so let's show them what we have. The meet ups will be club sponsored. If you have any thoughts on a scenic drive please let me know.

This just in, Bob Marshall has been communicating with White Post Restorations about a possible tour for our club members. It would be a great opportunity to tour this world renowned classic car auto restoration shop.

He's working on the details with White Post regarding the days of the week we can schedule the tour. They are only open Tuesday-Friday but maybe they will make an exception for us. However, we should consider a Friday cruise instead just in case Saturdays are not possible. Let me know if Friday will work for you.

Due to the holidays he will look to do so something with them after the first of the year.

### For Sale

All items came off of a 64 Vert. 5 wheels, 13" stock rims w/ Hancock Radial H714 185/80/13 90S and 3 bar wire wheel covers. Tires are in great shape, balanced and ready for use. They have 2409 date codes, spare is new but 4808 date code. The caps are not perfect but good driver quality in my opinion. These came with the car and ran them for the first year I had it running, on highway and twisties, and would run them all day still even with their age. Only took them off this year to run slots and wider tires. Also, welded dual mufflers from my 110. I only removed them to run trombones. Asking \$750 for wheels, and \$250 for mufflers.....plus the ride if needed. Located in Winchester VA. I can provide more pictures to those interested. Contact Jason Moore @ [eastjmoore@gmail.com](mailto:eastjmoore@gmail.com)

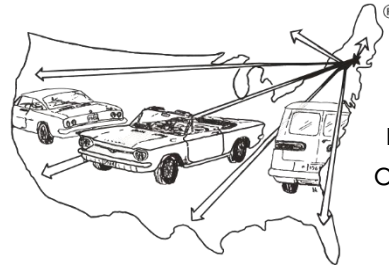

FOR SALE: Five Clark's reproduction real wire wheels; four used with Maxxis 185/80-13 tires and one new in box. Four EM adaptors, two knockoffs and a lead hammer. One of the used wheels and one adaptor has damaged teeth and notches. 17-page PDF file with more details and many pictures available. Asking \$3500/obo. Located near Petersburg, VA. Contact Wade Lanning at [wblanning@comcast.net](mailto:wblanning@comcast.net), cell/text 804-586-1023.

Remember, we have been given a special Corvair power. With that power comes responsibility. That responsibility is keeping this marque alive and viable for future generations. We still have the most affordable classic 60's cars in existence but we, as a club, need to be a part of promoting the Corvair as a really unique and cool collectable car. Let's keep on driving them, fixing them and promoting them everywhere we go.
