

DO YOU LIKE  
CORVAIRS?

CORSA

Do you like Corvairs? Do you own a Corvair? Have you had trouble getting parts or service? Ever have problems you can't quite diagnose? Chances are members of our club have had the same problems and have solved them. We share tech tips, parts and "elbow grease" to keep our Corvairs going. If you are a real Corvair person, you can help our club. Come give us a try; we'll be glad to see you.

## WHAT WE DO

What do we do? We normally meet the first Saturday of each month at 10:00 AM to conduct business, to plan activities, to hear guest speakers, and to exchange stories and technical information on Corvairs.

### **CHECK THE WEBSITE LISTED IN THIS PAMPHLET FOR CURRENT LOCATION & TIME.**

Some of our activities include "Aspencade Tours", Swap Meets, Car Shows, Club Dinners and Picnics. We take annual trips to Colorado or Northern New Mexico to meet with the Colorado, Oklahoma, Texas, and other neighboring Corvair Clubs. We have conducted tours to the VLA and other areas of interest.

## WHAT'S OUR HISTORY

What's our History? We formed as a club in March of 1974 and started our Newsletter in January of 1975. We have had car shows at the New Mexico State Fair, the Albuquerque Museum and schedule many during the year. We are civic minded and sponsor a mile of highway on Route 66 in Tijeras Canyon between mile marker 5 and 6. Look for signs. We routinely clean this area of debris keeping NM clean.

We are a chapter of The Corvair Society of America, better known as CORSA, established in 1971 and dedicated to the preservation of Corvairs cars and trucks from the decade of the 1960s. CORSA is among the largest single-marque car clubs, and its members encompass an incredible variety of interests, from pure "restoration" types who spend thousands of dollars and hours making their Corvairs look like a perfect showroom model, to serious race drivers who spend thousands to prepare their Stinger Corvairs for racing competition, as well as many members who just want to keep driving their Corvairs as everyday reliable, pleasant and economical transportation.

## WHO WE ARE

Who are we? A diverse group of Corvair owners and enthusiasts who share knowledge and fun in keeping our favorite cars alive and well. We share the belief that the Corvair is a unique and outstanding American automobile. We wish to preserve our Corvairs as economical cars for daily transportation, as performance cars for fun driving, and as classic collectors' item. Many of our members live in Albuquerque and nearby communities, including Santa Fe. Our monthly Newsletter, "Enchanted Corvairs," is mailed to all members and other Corvair clubs.
