A NEW RECORD FOR THE CAR COUNCIL'S ALBUQUERQUE MUSEUM SHOW—5,000 Vehicles!

Ok, so I can't count. The truth is the 250+ at this year's Albuquerque Museum provided a wonderful experience for those who visited our May 18th event. We first need to thank the membership and volunteers who made this year's event possible. This year's show marks a new era for the event now that Council management has moved to a committee comprised of the Council's Board of Directors.

For all of you who attended we thank you for being there. You were able to experience a quantum shift in the Council to become an organization for all of those of who belong to the car community in our state. We would like to invite all of you who want to help us to join our organization. The next meeting is listed above.

Due to time constraints, I will be providing a more detailed description of the Museum Car Show in the next newsletter. For now, check out some shots of a few of the memorable rides at this year's show. Rides that included, **for the first time**, a focus on the many lowriders that we have in our community. Word has it that our president, Vikki Snow, was seen riding around in the spectacular lowrider. I want to do that too!

Here are a few of the cars that made this historic show:-- Robert Gold, Editor

What follows is a message from Board member, Su Rymarz, concerning the condition of long-time car show manager, Joe Mascarenas. Here is Su's message:

Joe Mascarenas

To all of our Car Friends: We are asking for love, support and prayers for our longtime friend and show sponsor Joe Mascarenas. You know him from Veteran Car Shows and Freddy's on East Central car shows. Joe has bone cancer and due to many doctor and medical appointments he is asking for gift cards and restaurant cards. How about sending a note, a nice card and including a gift card if you wish. Please pray for Joe and Debbie. --Blessings Ron and Su

Joe and Debbie Mascarenas: 6118 Edith Blvd. NE, Unit # 137, Albuquerque, NM 87109, 505-293-0581

Please Note: I'm rerunning for you information a biography of Joe run in an earlier newsletter. It is hoped this will give you a better understanding of Joe's importance to our hobby.

Joe Mascrenas, known for his association of the Albuquerque Classic Truck Club, tells us, "I have been a car buff since I was in high school in Espanola. My very first car was a 1957 Chevy cylinder, three on the column, hard top. Here in Albuquerque I have been promoting street car shows since 2014. Along the way I have met many, many car enthusiasts and have promoted many car shows and have had great attendance. To name a few: Pep Boys on Central and San Mateo, Advance Auto Parts on Central SE and Eubank NE, Freddys Steak Burgers on Central and Eubank NE, many Blakes Burgers in various locations, Honor Flight of Norghern New Mexico at the Veterans' Park, three Veterans' Day Car Shows at the Veterans' Park, car show for the Grand Opening of Cabela's and for the last three years I have been doing a Happy Days Drive By Parade for the Seniors at Vineyards 55+ Community Park and they love seeing these classic vehicles." For sure, we in New Mexico owe Joe thanks for his efforts on the part of the classic car community in our state!

Turning from Joe's current good works, he walks us through his car history with classic cars—"Twenty Eight years ago I was working for an automotive aftermarket parts supplier here in Albuquerque and I opened the new body shop account for my company from Don Chalmers Ford. Don invited me to come to the grand opening and I did. I walked in the show room and there it was. A 1963 Rangoon Red Thunder Bird Roadster. I fell in love with it and told myself "one of these days." I left Chalmers and all I could think of was that Bird. The years went by. I owned several other classics. Most recently when I wrecked my 1969 Chevy full custom C10, the insurance company paid me for my loss. I saved that money and started looking for another classic. This time it was a turnkey classic. The choice I had to purchase a classic was a 1976 Corvette or a 1969 Black on Black Grand Prix SJ. For some reason I kept searching the internet of dealers selling classics. To my amazement, there it was, a 1963 Ford Red on Red Thunderbird Roadster. My dream car! I contacted the dealer, made him an offer and here it is. I got the car delivered on May 5th 2023 at Rich Ford. The very next day I took the car to a car show and won first place. Two weeks later I took the car to another car show and won Best of Show." These are only his current accomplishments. He ends

his descriptions by saying, “I plan to do several more car shows in the near future as long as the Good Lord provides me with good health.”

I’m sure everyone would join me in wishing Joe good health in the future as well as continued good luck at car shows!—Robert, Your Editor

Let’s step up as a community and show Joe that he is appreciated. Your help is needed!

Since Father's Day is almost upon us, I thought this cartoon might bring a smile to all you Mustang folks. This Mustang EV seems to be designed to look like a pile of you know what. For sure it is NOT a very worthy successor to a classic like 60's Mustang. To me this EV is actually a proper successor to the Mustang II, one of the saddest models in Mustang history. What do you think?

NEXT MEETING SCHEDULED FOR MAY 28, 2025 AT 6:30 pm. (New Time!)

DON'T FORGET!! The Car Council will be having elections for the Board at the May meeting.
