3. Guidelines

The number and amount of the scholarships will be determined by the amount in the CPF Scholarship Fund. Only funds donated specifically to the Scholarship Fund will be deposited in this account. This will be a restricted fund, so that funds in this account can only be used for scholarships.

Scholarships will be awarded in \$500 or \$1,000 denominations. A minimum of one \$500 scholarship and a maximum of two \$1,000 scholarships will be awarded annually. If the Scholarship Fund exceeds \$6000, then additional scholarships may be awarded in values not to exceed that excess amount. The total value of the scholarships awarded may not exceed the amount in the CPF Scholarship Fund.

The chair of the Scholarship Selection Committee will announce the winners of the scholarships at the annual CORSA Convention Awards Banquet. Scholarship winners need not be in attendance.

Scholarship winners will be awarded the scholarship funds upon proof of enrollment in a previously designated institution.

The term of the scholarship is one (1) academic year. Only one scholarship is to be awarded per applicant.

4. Disbursement of Awards

Scholarship winners must be enrolled in courses at the institution of their choice no later than December 31st of the year when the scholarship is awarded.

The scholarship will be payable in one (1) installment. All scholarship payments will be drawn to joint payees: the scholarship winner and the college.

The scholarship winner must be enrolled as a full-time student. The college's definition of a full-time student will be acceptable.
